

# TILTED TABLE

## EAST TO WEST

**RUN RATING:** 3+

**EQUIPMENT:** Anti-sway bar disconnected. Front & rear tow attachments. Suspension lift, 1 hard locker suggested, Minimum 31" tires strongly suggested.

### **DESCRIPTION:**

From camp we will head toward the back of SAND DAM where we will drop down into a wash that will take us to the backside of Superstition. From there we will start on our first obstacle up BULL DOG HILL. Immediately following we'll head down BIL'S HILL, which mother nature loaded up with large boulders. For those that just want to watch there is a bypass/viewing spot at the base of both these hills. After BIL'S HILL we will head over to JAMIE'S OBSTACLE where you can test your articulation. Then we're off to the MINE TRAIL and LOST PENNY CANYON. For those interested in more rock crawling, the lower half of the mine trail has a nice rock garden. The grand finale is a long, steep drop off the backside of DON'T STOP TILL YOU DROP sand dune. And if time permits, we'll take you over to SAND CANYON and finish with playtime with the buggies and quads at SAND DAM. There may be a few other surprises along the way.
